Grade 4 Art

Unit 3: Texture and Form

Overview: In this unit of study, students will think both critically and creatively through visual art. Students will demonstrate proficiency in identifying elements of art and principals of design with an emphasis on shape, form, and texture. They will identify texture in artwork and decide if it is real (actual) or implied and create two- and three-dimensional works of art using the basic elements of color, line, shape, form, texture, and space, as well as a variety of art mediums and application methods.

Assessment Plan

- Class discussions
- Independent & group work/projects
- Benchmark assessments
- Teacher Observations
- Performance Tasks

- [Impasto Painting](#): In this lesson, students learn about texture as they make impasto paintings.
- Discussion about form and texture
- Original artwork demonstrating texture
- [Non-Objective Watercolor Resist Painting with Texture Rubbings](#): Students will understand the difference between realistic, abstract & non-objective artwork. Students will learn how texture is perceived through the senses. Compare & contrast different textures in various artworks. Create 2D artwork that explores visual texture through texture rubbings.

Resources

Activities

- Chromebooks
- Group discussions
- Manipulatives
- SMARTboard / Mimio Technology
- Google Applications (Documents, Forms, Spreadsheets, Presentation)
- [Projects](#)
- <https://kinderart.com/>
- [THE ULTIMATE LIST OF TEXTURE IN ART EXAMPLES](#)

- Students will identify texture and form in works of art from various cultures and [time periods](#).
- [The Elements of Art: Form](#): Students will be introduced to one of the basic elements of art—form—by analyzing the types of forms and materials used in various sculptures. Students will then experiment with line in both two and three dimensions to see how shapes become forms.
- The Elements of Art – Texture: Students will watch a video on [texture](#). As a class, create an anchor chart depicting the various textures used in art.
- [Metal Tooling Craft for Kids](#): Students will express ideas about [Mexico](#) using metal tooling techniques and the elements of art and principles of design.
- Students will critique their work as well as others using art terminology.
- Discuss with a group the effectiveness of the various techniques to create texture (real or implied), creating a Venn diagram to highlight similarities and differences.

9.1 Personal Financial Literacy, 9.2 Career Awareness, Exploration, Preparation and Training & 9.4 Life Literacies and Key Skills

- 9.4.5.CT.3: Describe how digital tools and technology may be used to solve problems.
9.4.5.TL.5: Collaborate digitally to produce an artifact (e.g., 1.2.5CR1d).

The implementation of the 21st Century skills and standards for students of the Winslow Township District is infused in an interdisciplinary format in a variety of curriculum areas that include, English language Arts, Mathematics, School Guidance, Social Studies, Technology, Visual and Performing Arts, Science, Physical Education and Health, and World Language.

Modifications for Special Education/504

Students with special needs: The students' needs will be addressed on an individual and grade level using a variety of modalities.

Accommodations will be made for those students who need extra time to complete assignment. Support staff will be available to aid students related to IEP specifications. 504 accommodations will also be attended to by all instructional leaders. Physical expectations and modifications, alternative assessments, and scaffolding strategies will be used to support this learning. The use of Universal Design for Learning (UDL) will be considered for all students as teaching strategies are considered.

- Small group instruction
- Audio books/ Text-to-speech platforms
- Leveled texts/Vocabulary Readers
- Leveled informational texts via online
- Modeling and guided practice
- Read directions aloud
- Repeat, rephrase and clarify directions
- Extended time as needed
- Break down assignments into smaller units
- Provide shortened assignments
- Modify testing format
- Repeat directions as needed
- Graphic organizers
- Study Guides, Study Aids and Re teaching as needed

Modifications for At-Risk Students

Formative and summative data will be used to monitor student success. At first signs of failure, student work will be reviewed to determine support. This may include parent consultation, basic skills review and differentiation strategies. With considerations to UDL, time may be a factor in overcoming developmental considerations

- Read directions aloud
- Assist with organization
- Use of computer
- Emphasize/highlight key concepts
- Recognize success
- Provide timelines for work completion
- Break down multi-step tasks into smaller chunks
- Provide copy of class notes and graphic organizer

Interdisciplinary Connections

Interdisciplinary Connections:

ELA Standards:

NJSLSA.SL1. Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

NJSLSA.R7. Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.

NJSLSA.W9. Draw evidence from literary or informational texts to support analysis, reflection, and research.

NJSLSA.SL2. Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

NJSLSA.L3. Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

NJSLSA.L6. Acquire and use accurately a range of general academic and domain-specific words and phrases sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.

Social Studies Standards:

6.1.5.CivicsCM.3: Identify the types of behaviors that promote collaboration and problem solving with others who have different perspectives.

6.1.5.HistoryUP.6: Evaluate the impact of different interpretations of experiences and events by people with different cultural or individual perspectives.

Math Standards:

4.MD.A. Solve problems involving measurement and conversion of measurements from a larger unit to a smaller unit.

4.MD.B. Represent and interpret data.

4.MD.C. Geometric measurement: understand concepts of angles and measure angles.

4.G.A. Draw and identify lines and angles and classify shapes by properties of their lines and angles.

Integration of Computer Science and Design Thinking NJSLS 8

8.1.5.DA.1: Collect, organize, and display data in order to highlight relationships or support a claim.

8.1.5.DA.3: Organize and present collected data visually to communicate insights gained from different views of the data.

8.2.5.ED.2: Collaborate with peers to collect information, brainstorm to solve a problem, and evaluate all possible solutions to provide the best results with supporting sketches or models.

8.2.5.ED.3: Follow step by step directions to assemble a product or solve a problem, using appropriate tools to accomplish the task.
