Enduring Understanding	Indicator #	Indicator
Artists, curators and others consider a variety of factors and methods including evolving technologies when preparing and refining artwork for display and or when deciding if and how to preserve and protect it.	<b>1.5.5.Pr5a</b>	Prepare and present artwork safely and effectively.
Creativity and innovative thinking are essential life skills that can be developed. Artists and designers shape artistic investigations, following or breaking with traditions in pursuit of creative art-making goals.	<b>1.5.5.Cr1a</b>	Brainstorm and curate ideas to innovatively problem solve during art making and design projects.
	<b>1.5.5.Cr1b</b>	Individually and collaboratively set goals, investigate, choose, and demonstrate diverse approaches to art-making that is meaningful to the makers.
Artists and designers experiment with forms, structures, materials, concepts, media, and art-making approaches. Artists and designers balance experimentation and safety, freedom and responsibility, while developing and creating artworks. People create and interact with objects, places and design that define, shape, enhance, and empower their lives.	<b>1.5.5.Cr2a</b>	Experiment and develop skills in multiple art-making techniques and approaches, through invention and practice.
	<b>1.5.5.Cr2b</b>	Demonstrate craftsmanship through the safe and respectful use of materials, tools and equipment.
	<b>1.5.5.Cr2c</b>	Individually or collaboratively represent environments or objects of personal significance that includes a process of peer discussion, revision and refinement.
Artists and designers develop excellence through practice and constructive critique, reflecting on, revising and refining work over time.	<b>1.5.5.Cr3a</b>	Reflect, refine, and revise work individually and collaboratively, and discuss and describe personal choices in art making.
Through art making, people make meaning by investigating and developing awareness of perceptions, knowledge and experiences.	<b>1.5.5.Cn10a</b>	Create works of art that reflect community cultural traditions. Discuss using formal and conceptual vocabulary.
People evaluate art based on various criteria.	<b>1.5.5.Re9a</b>	Identify different evaluative criteria for different types of artwork dependent on genre, historical and cultural contexts.

##### Modifications for Special Education/504

***Students with special needs:*** The students' needs will be addressed on an individual and grade level using a variety of modalities. Accommodations will be made for those students who need extra time to complete assignment. Support staff will be available to aid students related to IEP specifications. 504 accommodations will also be attended to by all instructional leaders. Physical expectations and modifications, alternative assessments, and scaffolding strategies will be used to support this learning. The use of Universal Design for Learning (UDL) will be considered for all students as teaching strategies are considered.

- Small group instruction
- Audio books/ Text-to-speech platforms
- Leveled texts/Vocabulary Readers
- Leveled informational texts via online
- Modeling and guided practice
- Read directions aloud
- Repeat, rephrase and clarify directions
- Extended time as needed
- Break down assignments into smaller units
- Provide shortened assignments
- Modify testing format
- Repeat directions as needed
- Graphic organizers
- Study Guides, Study Aids and Re teaching as needed

##### Modifications for At-Risk Students

Formative and summative data will be used to monitor student success. At first signs of failure, student work will be reviewed to determine support. This may include parent consultation, basic skills review and differentiation strategies. With considerations to UDL, time may be a factor in overcoming developmental considerations

- Extended time as needed
- Read directions aloud
- Assist with organization
- Use of computer
- Emphasize/highlight key concepts
- Recognize success
- Provide timelines for work completion
- Break down multi-step tasks into smaller chunks
- Provide copy of class notes and graphic organizer

**Interdisciplinary Connections**

**Interdisciplinary Connections:**

**ELA Standards:**

**NJLSA.SL1.** Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

**NJLSA.SL2.** Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

**NJLSA.L3.** Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

**NJLSA.L6.** Acquire and use accurately a range of general academic and domain-specific words and phrases sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.

**Social Studies Standards:**

**6.1.5.CivicsCM.3:** Identify the types of behaviors that promote collaboration and problem solving with others who have different perspectives.

**6.1.5.HistoryUP.6:** Evaluate the impact of different interpretations of experiences and events by people with different cultural or individual perspectives.

**Math Standards:**

**5.MD.B.** Represent and interpret data.

**5.MD.C.** Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition.

**5.G.A.** Graph points on the coordinate plane to solve real-world and mathematical

**5.G.B.** Classify two-dimensional figures into categories based on their properties.

**Integration of Computer Science and Design Thinking NJSLS 8**

**8.1.5.DA.1:** Collect, organize, and display data in order to highlight relationships or support a claim.

**8.1.5.DA.3:** Organize and present collected data visually to communicate insights gained from different views of the data.

**8.2.5.ED.2:** Collaborate with peers to collect information, brainstorm to solve a problem, and evaluate all possible solutions to provide the best results with supporting sketches or models.

**8.2.5.ED.3:** Follow step by step directions to assemble a product or solve a problem, using appropriate tools to accomplish the task.
