Modifications for At-Risk Students

Formative and summative data will be used to monitor student success. At first signs of failure, student work will be reviewed to determine support. This may include parent consultation, basic skills review and differentiation strategies. With considerations to UDL, time may be a factor in overcoming developmental considerations

- Increase one on one time
- Teachers may modify instructions by modeling what the student is expected to do
- Oral prompts can be given.
- Using visual demonstrations, illustrations, and models
- Give directions/instructions verbally and in simple written format.
- Peer Support

English Language Learners

- Listening Speaking
 - Reading Writing
 - Oral Language

Students will be provided with accommodations and modifications that may include:

- Relate to and identify commonalities in economic practices in students home country
- Speak and display terminology and movement
- Teacher Modeling
- Peer Modeling
- Label Classroom Materials - Word Walls

Modifications for Gifted Students

Students excelling in mastery of standards will be challenged with complex, high level challenges related to the topic.

- Students can complete extend research outside of the classroom
- Inquiry-based instruction
- Independent study
- Higher order thinking skills
- Adjusting the pace of lessons
- Interest based content
- Project Based Learning
- Real world scenarios
- Student Driven Instruction
