Unit 2: Les rapports personnels

Overview: Summary: Unit Theme: Les rapports personnels

In this chapter the students will hold a phone conversation, extend an invitation, response affirmatively, ask for help, respond to a request for help, ask to pass something to you, express what cannot be kept from doing, say someone is right and ask what someone is talking about. The students will practice the grammar by reviewing interrogative pronouns, direct object pronouns, indirect object pronouns, “c’est versus il/elle/est, use relative pronouns qui/que and ce qui/ce que. The students will discuss culture by talking about holidays in France and North Africa, French cuisine and dining etiquette in France.

This instruction must include science, social studies and technology, as well as College and Career readiness, by utilizing the NJ Student Learning Standards as mandated by the New Jersey Department of Education. Technology is integrated into instruction in meaningful ways. Students and teachers use digital tools and information to solve problems individually and collaboratively to create and communicate knowledge. Resources and activities found on the Technology Resource Page provide a variety of differentiated learning opportunities to meet the needs of individual students. Activities range in levels outside of grade level to meet the academic needs and learning styles of all students.

All lessons are differentiated to accommodate classified, ESL, and advanced students. Accommodations/modifications as per IEP and 504 Plans will be implemented. Enrichment activities designed to challenge the more advanced students include independent study and project-based learning through active exploration of real-world challenges and problems. These activities are detailed in the Teachers’ Editions.
