**Unit 5: Commente se renseigner en voyage**

**Overview: Summary: Unit Theme: Commente se renseigner en voyage**

In this chapter the students will find out information about staying at a hotel, ask about specialties in a restaurant and what is served with a dish, express what I am or am not in the mood for, relate someone else's opinion and express disagreement. The students will practice grammar by using the subjunctive after expressions of wish, will and desire, expressions of emotion, doubt, uncertainty, review the interrogative adjective "quel" and the pronoun "lequel." The students will discuss the culture by talking about Monaco, hotels in France, Dijon, the region of Bourgogne, French film industry, Cannes festival and the César awards.

This instruction must include science, social studies and technology, as well as College and Career readiness, by utilizing the NJ Student Learning Standards as mandated by the New Jersey Department of Education. Technology is integrated into instruction in meaningful ways. Students and teachers use digital tools and information to solve problems individually and collaboratively to create and communicate knowledge. Resources and activities found on the Technology Resource Page provide a variety of differentiated learning opportunities to meet the needs of individual students. Activities range in levels outside of grade level to meet the academic needs and learning styles of all students.

All lessons are differentiated to accommodate classified, ESL, and advanced students. Accommodations/modifications as per IEP and 504 Plans will be implemented. Enrichment activities designed to challenge the more advanced students include independent study and project-based learning through active exploration of real-world challenges and problems. These activities are detailed in the Teachers' Editions.
