

# Winslow Township School District

## District Profile

*Preparing Our Students for Tomorrow... Today!*

**H. Major Poteat, Ed.D.**  
Superintendent

40 Cooper Folly Road, Atco, NJ 08004

(856) 767-2850

[www.winslow-schools.com](http://www.winslow-schools.com)

## SUPERINTENDENT'S VISION STATEMENT

The Winslow Township School District provides a culturally rich, academically strong and challenging educational environment designed to ensure success for all students. Students and staff are excited and committed to lifelong learning. The District provides state-of-the-art technology to enhance good teaching and learning practices and day-to-day operations.

To this end:

- The **School Board Members** and the **Superintendent** lead the charge in building public trust and confidence in the Winslow Township School District by reinforcing the community's role as guardians of academic standards and student achievement.
- **Schools** are student, family and community **friendly**.
- Schools are **kinder and gentler**, changing from the inside out.
- **All** district **employees** are **committed** to the lifelong learning of our students.
- Teachers are committed to our primary purpose: **Teach** so that ALL children learn.
- Teachers are trained to **teach** to the **individual** needs of each student.
- Schools are **clean** and **safe** ensuring that our students are taught in an environment that is conducive to learning.
- **Parents** are actively **involved** in all aspects of our schools.
- **Parent/teacher** and **student/teacher relationships** are the core of our success.
- **Student achievement** is the district's primary objective and our students demonstrate measurable gains annually.
- Students attend school and absenteeism **declines** and graduation rates **increase**.
- **Families** choose to enroll in our district and take advantage of our educational programs.
- **Winslow Township School District** is in its rightful place as a model for public education in the state of New Jersey.

## **Winslow Township Public Schools**

*Preparing Our Students for Tomorrow... Today!*

The mission of the Winslow Township School District is to educate all students to become independent, life-long learners, critical thinkers and caring confident members of their community. The District, in partnership with the community, and in a climate of cooperation and mutual respect, will provide an academic environment which values excellence and diversity, encourages students to strive for personal excellence, and assists them in acquiring the knowledge, skills and attitudes necessary to contribute positively to a rapidly changing world.

## Winslow Township Public Schools

*Preparing Our Students for Tomorrow... Today!*

The Winslow Township School District is a vibrant, growing PreK-12 school system with approximately 4,900 students, located in Camden County, New Jersey and conveniently located midway between Philadelphia and Atlantic City. More than 700 certified, professional and support staff meet the educational, developmental and social needs of a diverse student population. Parents and community members enthusiastically volunteer their time as members of Home and School Associations and serve on many of the committees, which assist our schools in serving the student population and implementing new and exciting educational programs.

**Winslow Township Schools** offer a wide range of programs for students; from services for the physically or developmentally disabled child to age appropriate instruction, support and activities for the average child as well as a challenging college prep and advanced placement curriculum for the high achiever. The District provides a comprehensive curriculum that begins with a unique full day preschool program for four-year-olds and continues until their high school graduation.

In an effort to give our students every opportunity to be successful, we have updated and aligned our curriculum to meet the NJ Student Learning Standards and the National Core Standards.

We have grown tremendously in the area of technology. We replaced our entire infrastructure and inundated our classrooms with computers, Chromebooks, Smartboards, Smart tables, and projectors, but more importantly, the entire district has wireless internet access (Wi-Fi). This upgrade gives our staff and students more opportunities to use wireless devices in the classroom. We have also installed a Student Management System (Genesis) to give our parents an opportunity to monitor their child's school performance on a regular basis.

As a result of all the changes we have made, student achievement is on the rise, state test scores indicate measurable gains each year and, upon graduation from high school, many of our students are attending some of the most prestigious colleges and universities (MIT, Cornell, University of Maryland, University of Miami, Swarthmore College, North Carolina State University, Georgetown University, US Air Force Academy, St. John's University, and nearly every college and university in New Jersey).

Everything we have done in the district to date has been to improve our schools, equip our teachers with cutting edge technology and to provide them training in best practices to give our students every opportunity to be successful. We understand that good schools are essential to the growth and vitality of this community and we will continue to do our part. We only ask that you visit our schools and see for yourself how far we have come and how we are *Preparing our Students for Tomorrow... Today.*
