Team Work Makes
The Dream Work

Flipgive works best when the whole team joins in. Imagine how much you'll earn if your entire team did all their shopping through FlipGive.

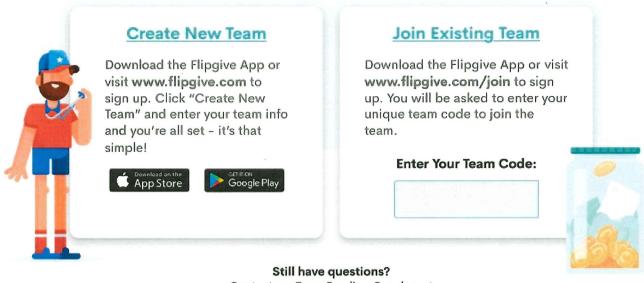

Who to invite?

Invite those who will benefit from the money raised - that could be parents, players, managers and coaches.

How to get your team on board

First you must choose how you want to distribute earnings – either back to each player or as a shared pool of funds. You will then be given a unique team invite code to share with parents, players, coaches and managers. They simply enter this code when they sign up and they'll be added to your team. They can start earning right away and also invite their family and friends to join.

How To Get Started?

Contact our Team Funding Coaches at 1-855-583-2510 or www.flipgive.com/pages/coaching-calls

Board Meeting Date: February 24, 2022

<u>Remote Learning</u>: The first two weeks of January were conducted remotely. This change to the school schedule was successful as teachers partnered with parents to ensure their students received continuity of instruction.

<u>Interim Progress Reports</u>: On January 5th, interim progress reports were made available on Parent Portal.

<u>School Counselor Monthly Lessons</u>: School Counselor, Ms. Perez, conducted classroom lessons about T.H.I.N.K. (Is it true, is it helpful, is it inspiring, is it necessary, is it kind) before you speak. Students learned that our words matter, and Ms. Perez made a connection to the book, Have You Filled a Bucket Today? By Carol McCloud.

Kindness Week: Students were invited to celebrate The Great Kindness Week.

- Monday students showed everyone love and wore red.
- Tuesday students were shining bright with kindness in sparkles and neon colors.
- Wednesday students kicked it into gear to help someone near and wore their favorite team jersey.
- Thursday students were their favorite super here t-shirt as they showed the power of kindness.
- Friday students and teachers were kind and warm in their pajamas.

Students and staff were also nominated by others for showing kindness and received certificates.

<u>Mid-Year Assessments</u>: Mid-year assessments are ongoing. The results of these benchmarks will be analyzed by teachers in order to continue to provide strategic, targeted instruction for students.

<u>Home and School Association</u>: School #2 HSA continues to plan for upcoming bookfairs, events, and fundraisers.

Winslow Township Board of Education 2021/2022 School Year Monthly School Highlights

Winslow Township School: <u>School #4</u>
Board Meeting Date: <u>February 23, 2022</u>

"To the children of our country...DREAM with ambition; LEAD with conviction; and SEE yourselves in a way that others may not, simply because they've never seen it before. But know that we will applaud you every step of the way."

-Kamala Harris, Vice President of the United States of America

No Name Calling Week

During the week of January 18-21, 2022, our School Counselor, Laura Duca, presented lessons to our students to celebrate No Name Calling Week. The lessons were presented by grade level and consisted of the following:

Pre-School and Kindergarten - All pre-school and kindergarten students watched a short video called "Kindness Colors our World' and then listened to a Kindness song. Students were then given the opportunity to color messages of kindness like "Be the Good You See in the World".

1st Grade - First grade students read the book <u>I Am Love</u> by Susan Verde. The book celebrates kindness, compassion, self-care, and love in all its forms. Students discussed what compassion means and how Susan Verde illustrates all the different ways you can experience love (i.e. Love is creative). They then completed different pages to show their understanding of the concepts in the story. One page had them writing all of the things they love about themselves.

2nd Grade - Second grade students listened to the song "Unbreakable" from the Ugly Dolls movie. They then read through the lyrics to pick out specific lines that had special significance to them. We then talked about how we should appreciate the differences in each other and ourselves. Students then created their own Ugly Doll version of themselves and listed five traits that they consider their strengths.

3rd Grade - Third grade students watched a Kindness motivational video called "How You Treat People is Who You Are!" which highlighted the impact and importance of showing kindness, compassion, and empathy. We then read through some quotes about kindness by notable figures throughout the past and present (i.e. Maya Angelou, Dr. Seuss). Students then picked a quote that resonated with them and created a visual representation of what the quote meant to them.

A Special Gift

Please join the WTHS family in saluting Ms. Lynette Brown, our 9th grade Assistant Principal, for choosing to gift life by donating a kidney to her sorority sister, Crystal Page. This story begins with deep friendships and commitment to sisterhood formulated

under the umbrella of the Delta Sigma Theta Sorority, an organization renowned for community service. Last year Ms. Brown, along with all the other sisters, received an e-mail informing them of Ms. Page's declining health and a request for potential donors. Upon seeing the email, Ms. Brown contacted the University of Pennsylvania and signed up to be a donor. She was the very first to volunteer and miraculously a match for her sorority sister, Crystal. The procedure, which has been postponed twice, will take place at the University of Pennsylvania. A new date is forthcoming. Hospitalization time is three days and full recovery will take approximately six weeks. As reported by the American Kidney Fund (April 27, 2021), "There are more than 117,000 Americans on the organ transplant waiting list and nearly 100,000 of them are waiting for a kidney. Of the 23,644 kidney transplants performed in the U.S. in 2020, 5,234 were made possible by living organ donors." Ms. Brown's decision is even more significant in light of the fact that kidneys from living donors last longer than one from a deceased. This act of service touches every facet of human existence and interconnectedness. We are so proud of you Ms. Brown and honored to have you as part of our school family. Please see the link below of an interview which sheds more light on the story.

Nurse's Corner

MLK Spotlight-Henrietta Lacks - was an impoverished black woman who died at the young age of 31 on October 4, 1951. During her treatment of cervical cancer, a doctor took a sample of her tumor and sent it over to a colleague of his who had been trying for two decades to grow human tissue from cultures with no success. Henrietta's cells were unique because they could live and replicate outside of the human body. Soon doctors realized that as long as the cells received the proper nutrients needed to survive, they could be shipped across countries, frozen for decades and thawed, etc., and they would continue to replicate. This unprecedented scientific discovery lead to finding treatments for many diseases, including polio, cancer, leukemia, influenza, Parkinson's, AIDS, etc. They also aided in the discovery of how cells work, in-vitro fertilization, gene mapping and more. Chances are Henrietta's cells are somehow involved in the process of any research relating to the human body. Her cells were even sent into space on an unmanned satellite to determine whether humans can survive in zero gravity. Henrietta died of uremic poisoning in a segregated ward about 8 months after being diagnosed with cancer. It is noted that she never knew her cells were taken and used as the "most vital tools in modern medicine and would spawn a multibillion-dollar industry." Her cells became the first human immortal cells ever grown in a lab. She is survived by a husband and three children, who didn't know her cells were being used until 25 years later. So, in honor of Black History Month, we salute Henrietta Lacks, whose unique cells School contributed to many breakthroughs in modern # medicine.

Parenting Program

Mrs. Gary, Early Childhood Program Director, is proud to announce that the Real Care Parenting Program is underway! The goal of this venture is to increase participants' awareness about issues related to the responsibilities of caring for an infant. Additionally, students have the opportunity to explore the physical, emotional, social and financial consequences of parenthood. Students in the program are charged with the responsibility of taking care of an infant simulator which mimics all the needs of a real-life baby. As such, it cries, needs to be burped, rocked, diaper changed and fed. The simulation babies are also programmed to cry vigorously if handled roughly or held incorrectly. The entire student body and staff stay involved by providing feedback to the program director. Unattended, improperly held or constantly crying babies generate negative feedback while the thriving ones earn plaudits and grades for their caretakers. Happy parenting to the students in the program!
