WTHS Environmental Club 2023 Pinelands Fundraiser

For 2023, the WTHS Environmental Club has chosen to fundraise for the NJ Pinelands. Last year, we successfully raised \$1200.00 to remove plastic from the ocean. This year we are thinking more locally and will be taking the time to learn about the forests surrounding us and raise awareness about the effects of our growing population and climate change on these forests. We will be collecting money from members of the school and community. Each dollar donated will be donated to the Pinelands Preservation Alliance. The Pinelands Preservation Alliance works hard to “preserve the Pine Barrens ecosystem, promote wide public engagement in their preservation, and advance acquisition of land and development rights by private and public conservation agencies.” They work with Sustainable Jersey for Schools and will be providing educational materials to educate our kids about this very important ecosystem. Like last year, when a donation is received, the donor’s name will be placed on either a tree, bird, snake or beaver to create a mural representing how our community works together. It is our hope to be able to learn about the world around us as well as make a difference by donating to such a good cause.
