2025-2026 Monthly Highlights

EXHIBIT NO. XB-4

Board Meeting Date: January, 2026

Parent Conferences—On December 9-11, 2025 teachers met with parents to discuss student progress. 93 families signed up for conferences, 89 attended.

Winter Spirit Week—The week of December 15-19, 2025 staff and students dressed for winter themes. We wore red and white like candy canes, showed our sparkles, wacky holiday wear, tacky sweaters, and blue and white for our snow celebration.

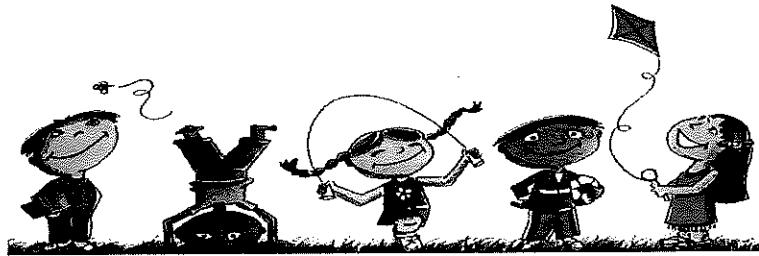

Snow Celebration On December 19, 2025, our littlest learners had so much fun at our Snow Celebration. Students rotated through STEAM activities. They listened to a story and played in fake snow, rolled dice to determine the number and pick a prize, caught snowflakes to identify letters, went fishing for candy cane letters, replicated an image to create a tree, ran a maze with an ornament on a spoon, and had a snowball fight.

Professional Development: Wednesday mornings have been designated as common planning time for teachers to meet and discuss the upcoming week. Staff also participated in the District wide in-service delayed opening on December 2, 2025. Teaching assistants had an opportunity to review safety protocol with Mrs. Barr and basic first aid with the school nurse.

## Amazing Opportunities

The Guidance and Counseling Department in conjunction with Eagles Landing offered some amazing opportunities this month to our students as they seek to pursue their educational and career endeavors. WTHS students attended the Virtual Healthcare Symposium, the Youth Leadership Summit sponsored by the African American Chamber of Commerce of New Jersey, as well as the 27th Annual Malcom Bernard HBCU College Fair. Each event highlights how students can take what they currently possess and turn it into limitless possibilities. Students were challenged to think creatively and cultivate ways in which they could contribute to answering a current problem or addressing a specific need rather than just focusing on selecting a job or career. Everyone has a purpose and allowing our students to attend these programs helped unleash the potential and gave them the confidence, hope and desire to become more than what meets the eye. They were challenged to create companies rather than just join them and be personal game changers in a global society. Both the Guidance Department and Eagles Landing continue to collaborate to meet the personal, social, emotional, and academic needs of our students. It has truly been a blessing to connect with organizations that offer WTHS students opportunities to take a seat at tables that they otherwise might not have had access to in the past. As the school year continues, we look forward to serving the student body and seeing the fruit of seeds that have been planted by organizations that believe in the potential of our students.

## Studio 101

WTHS's award winning Studio 101 has started a new initiative

to include more students and faculty in their weekly productions. As such, students and staff will be surveyed periodically and interviewed. Then, the results and interviews will be aired as special episodes. Thus far, this venture has received much positive feedback and increased audience engagement.

## Nurse's Corner

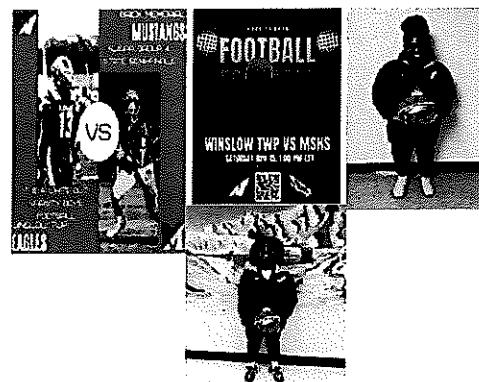

**The Nurse's Corner:** The school nurses recommend that all students and staff wear hats, gloves, and scarves to protect the delicate parts of the bodies from the upcoming winter chill. Sleep, a healthy diet, and fluids must be on the must-do list to stay healthy during winter. Two of the most common complaints among teenagers in the winter include cold sores and dry/ashy skin. 50-80% of Americans have herpes simplex virus type 1 which remains in the body and can cause an outbreak of blisters at any time. Cold sores can pop up when the body is tired, stressed, or when you are not taking diligent care of yourself. It is not harmful, but they do sting and look funny. At the first sign of the "tingle," purchase a topical cream that helps heal. Apply frequently until the cold sore disappears. Dry or ashy skin results from dry indoor heat, cold outdoor temperatures, and low humidity, all of which can strip your skin of moisture. Limit showers to 10 minutes and use warm water instead of hot which makes the skin dry. While skin is damp, slather on body cream. Also try to use PH balanced soap, hand cream every time you wash your hands and a humidifier in the room. Keep your skin protected from the cold air as much as possible by using scarves and gloves. If there are any questions or concerns, please visit the nurse's office.

## WEB DESIGN

Mr. Palumbo's Web Design students are working with Ms. Lane in the athletics department this year to promote sporting events with motion graphics and social media postings. Look for them on the official @winslowathletics Instagram page." Additionally, Mr. Palumbo's students teamed up with Coach Wallace and the girls' basketball team to create a custom Winslow MVP chain. Players get to show off and wear it around school with pride.

## Graphic Design Club

The Graphic Design Club has been on a roller coaster of discoveries and collaborative opportunities. The adventure is spearheaded by graphic design teacher, Mrs. Del Buono, and was originally created to satisfy the needs of the Career and Technical Education program. But, since their inception, the clubs have not only enhanced students' future career possibilities, but also benefited the entire school, including administration and other clubs and organizations. Their completed missions for this year include the following:

- Charlottes web VIP tickets
