IX. BOARD COMMITTEE REPORTS

Education Committee: Ms. Peterson – The Education Committee will meet next Wednesday at 4:30 p.m.

Operations Committee: Ms. Dredde – The next meeting is November 24 at 5:30 p.m.

Policy Committee: Ms. Pitts – The Policy Committee will meet next Thursday, November 20 at 4:00 p.m. in District.

Township Liaison Committee

Ms. Peterson – The Township Liaison Committee met today at 5:30 p.m. in the Middle School Conference Room. In attendance from the Township, Mayor Barry Wright, Committee

persons from the 3rd District Mrs. Lawrence and Mr. Raymond Watkins, Jr. From the Board our Superintendent Dr. Poteat, Board members Ms. Watkins, Mr. Wilcox and Ms. Peterson. The committee discussed the following items:

- Update on the 2014-2015 collaborative projects. One of the largest ones that we are to introduce is the collaboration with the Township. The Township will be paying for a P.R. person that will work directly with our school district in marketing and promoting the District. The Board will have an opportunity to meet with this person, who comes with extensive experience in education and school districts, at our Board meeting in January. It is in partnership with the Township and the Economic Development Council will be paying for that. That is really a positive, positive item for this school district.
- We went over our feedback on our joint initiative and our joint initiative has been the joint newsletter which has been distributed on the date as indicated.
- Our Friday Night Lights games. This past Thursday, for everyone, was our last night football game. Based on our new lights our attendance at our games has increased drastically.
- We anticipate an increase in the scope of projects that we have done over the past two years for the Martin Luther King Day of Service which might include a building initiative.
- The Township commended both our middle and high school principals for their participation and their students and choir in an essay contest for Veterans Day yesterday. In fact they stated that the one young lady brought tears to some of the people who attended because of her grandfather's service to his community. So we would like to commend the high school and the middle school principals, the choir and our students for doing an outstanding job for Veterans Day.

Our Township Liaison Committee meetings are always on the second Wednesday at 5:30 p.m. There will be one in January 2015, March 2015 and May 2015.

Citizens Advisory Committee: Ms. Pitts – The committee will meet on November 13, 2014.

Marketing Committee

Ms. Brown – The Marketing Committee met today. In attendance were Theresa Colligon, Stephanie Simmons, Mr. Vascos, Mr. Wilcox, Ms. Watkins, Dr. Poteat and Ms. Brown. We went over old business which was the objectives of the marketing plan. We have three objectives for the marketing plan and for marketing the District. We want more exposure of the District and the Township. We would like to see a changed perception and we want a continuity of available information to the community. We also talked about the phases of the marketing plan.

- Phase 1 is the branding of the District and that includes the website, Facebook, twitter, text messaging and use the tagline to brand the District. Many of this phase is already in motion, as many of you know, regarding the text messaging and Facebook. We will be bringing on, hopefully if the Board approves tonight, someone to do our website. Our timeline is to be determined based upon when the website will really get going.
- Phase 2 is promotional strategies. As Julie talked about we do have a P.R. specialist who will be working in conjunction with us and the Township. The timeline we will be starting that in January. We are very excited about that. We did develop some Benchmarks for the P.R. specialist to begin thinking about, evaluate where we are as it

relates to our social media status and our branding. Maybe they can offer some suggestions. We want her to continue to help us to be connected and reconnected with some major stakeholders within the community.

- Phase 3 would be creating measurable outcomes. Creating ways to measure perception and satisfaction within the District, such as polling and evaluating the District outcome and really trying to do a gap analysis between intention and impact. All the things that we intended to do as a District and whether we had the intended impact that we wanted it to have.

Our next meeting will be Tuesday, December 9, 2014.

Robert Clevenger – Parent

I have been to the last several Board meetings. I have spoken about a few issues that greatly concern me including snacks in the classroom, children not having enough time to eat their lunch and get their exercise on the playground and the playground being understaffed. I would like to start by saying I took the advice of the Superintendent to meet with your Assistant and the Principal. I was very disappointed as I was met with close mindedness and ... I don't understand I asked about snacks in the classroom. I explained that I was not talking about cupcakes, sugary snacks or anything like that but instead goldfish, crackers, pretzels something that the children can eat. Her response was no. They were not going to allow snacks in the classroom. I voiced my concern about how little time the children had to eat lunch and get outside for their exercise. Your assistance responded that the children have plenty of time to eat lunch. So I explained my understanding of the timeline of the children walk from their classroom to the cafeteria, sit down, start to eat lunch, clean up. The children are not eating. Her response was "do you sit in the hallway and time them with a stopwatch?" I told her she needed to calm down and not be aggressive I did not appreciate that. Then I said no. I am concerned that the children are not provided enough time for their bodies to ...a rigorous day of academics. I asked if I brought a petition signed by every parent then would you do something. Her response was no. I also asked why? Her response was that I am the only one complaining about it. I requested a copy of the letter that was sent home about the snacks being removed from the classroom. I asked about

parents being able to volunteer in the cafeteria and on the playground to assist the children to settle down and eat their lunch a little bit quicker. Her response was that she would not allow anyone near her children. I said what if the parents paid for their own background checks then would they be allowed to volunteer? Her response was no. I asked why? They would have to go through a screening process as well. If they went through the screening process then would they be allowed to volunteer? She said no. I asked why? The parents would have to fill out the proper paperwork too. I asked if the parents filled out the proper paperwork, passed the screening, passed the background check then would they be allowed to volunteer to help our children. She said no. I asked why? She said then it would be up to the Superintendent and you would not allow that. I would like to know why? You told me when I was here before that there was one staff member per 25 children. In School no. 2 there are 87 kindergarteners with two staff members at recess. You need 4. You have 87 children outside with 2 staff members. At lunch you only have 2 staff members, sometimes 3. With 87 children as soon as you hit 51 you need 3, you hit 76 you need 4. Every time I complain about the time for lunch and recess time I am told that there is not a problem because I am the only one complaining. I asked your assistance for a copy of the State guidelines for the required amount of time that the children are supposed to have to eat and exercise. I also asked for the State guidelines for student to teacher ratio. I called back and was told if I wanted this information then I would have to go and find it myself on the New Jersey Department of Education website. I have searched and cannot find the student, teacher ratio. The information that I found is for first grade. I found on the State guidelines that these children are supposed to have 150 minutes of exercise per week. The principal stated that they have only been in school for 37 days and it will take the children time to adjust. Adjust to what? How to eat faster? Shouldn't the school find a way for the kindergartners to adjust without inhaling their food? I requested that the principal tell the children that yes, they can finish their lunch and then they can go out for recess. The response that I got from your assistant was that the staff knows but the children don't. On the sheet that I gave you the children are supposed to have minimum 150 minutes of exercise in K – 12 grades. There is no way that you can break down that time they are at minimum getting 140 minutes. You are ten minutes short of the State minimum guidelines. Someone needs to look at this, someone needs to address it. I have already sent the email to the State requesting the information and what the next step should be. These are my concerns. I appreciate you for extending me the extra few minutes. I am sorry for taking longer but I am completely frustrated. No one is doing anything. One thing I did take offense to was the assistant saying these were her children. That is my child at that school.

Ms. Pitts – You are correct that is your child by relationship but they are our children according to stewardship and that is why you will hear it said that they are our children.

Dr. Poteat – It was also brought to my attention that you shared in the meeting that some of the issues that you raised, teachers were coming to you complaining about some of the things that you are mentioning tonight. Is that correct?

Ms. Clevenger – I never said that teachers were complaining about it. I said that I have been commended by staff members and other parents for actually standing up here and speaking up for the children because they feel as though they have no time.

Dr. Poteat – So basically, as I understand you, you have been able to gather all this information that you shared with us in terms of time, number of staff, and all of those things that are done internally, you have been able to acquire those on your own. Is that what you are saying?

Mr. Clevenger – Yes sir. I ask the children. I send my son with a good lunch and he only eats one quarter of the sandwich and no cookies.

Ms. Pitts – I hear your frustration and I do understand it. We will resolve it very soon.

XVII. OLD BUSINESS – None at this time

XVIII. NEW BUSINESS

Mr. Vascos – I had the pleasure of speaking to the President of the Theatre Guild, Ms. Pitts. She had reached out to me and was hoping that some Board members, if available, that would be available to come to the high school play showings, November 20, 21 and 22. I will be attending one of those evenings.

Dr. Poteat – There are tickets in each of your folders for the play that was submitted by the drama club.

Mr. Gidwani – I attended the New Jersey School Boards Association Workshop. I attended 7 different workshops. Two of them stood out as far as I was concerned. I did speak to the speakers of the workshops and asked if they would be willing to make a presentation to our school Board and they were agreeable to do that. The workshop was Opening Access to STEM Careers by Robert Goodman from the Center for Teaching and Learning. The other was Student Achievement from the Department of Education. I think that if we could invite these two gentlemen they could give information to the whole Board and members of the public on what is happening in our State.

Ms. Pitts – Please pass the information along to Ms. Boyle.

XIX. INFORMATIONAL ITEMS – None at this time

Mr. Long – No issues for Executive Session this evening.

XXII. ADJOURNMENT: A motion was made by Ms. Brown, seconded by Mr. Vascos to adjourn the meeting at 7:55 p.m. All Ayes.
