[For School Districts that Implement a Breakfast Offer Versus Serve Policy]

8507 BREAKFAST OFFER VERSUS SERVE (OVS)

The Board of Education, to be in compliance with the Healthy Hunger Free Kids Act (HHFKA) of 2010, adopts this Offer Versus Serve (OVS) Policy. Offer Versus Serve is a Policy for Federally reimbursable meals that allows students to decline a certain number of food components in the meal to reduce plate waste and food cost. Board of Education approval to implement a Breakfast OVS Policy is optional at all grade levels. The provisions of the Breakfast OVS Policy shall be in accordance with the requirements of the HHFKA of 2010.

A school breakfast eligible for Federal reimbursement shall offer four food items from the three food components in the appropriate amounts per grade grouping:

- Fruit or vegetable or juice;
- Milk; and
- Grains (including optional meat/meat alternate).

Students are allowed to decline one of the four food items offered. A student's decision to accept all four food items or to decline one food item shall not affect the price charged for the meal as the breakfast is priced as a unit. If students do not choose enough food items to comprise a reimbursable meal, a la carte prices will be charged.

School staff members cannot make exceptions to the Policy, such as requiring every student to take a particular food component. It is the student's choice to select any three or all four food items of the reimbursable meal.

At each school implementing this OVS Policy, school food service staff members will be trained annually on the provisions of the district's Breakfast OVS Policy.

2468 INDEPENDENT EDUCATIONAL EVALUATIONS

Special education law permits a parent to request an independent educational evaluation (IEE) for their child if there is disagreement with any evaluation provided by the Board of Education. An “independent educational evaluation” is an evaluation conducted by a qualified examiner who is not an employee of the public school district responsible for the education of the child in question. Such IEEs shall be provided at no cost to the parent unless the school district initiates a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate and a final determination to that effect is made following the hearing. If it is determined the school district’s evaluation is appropriate, the parent still has the right to an IEE, but not at the school district’s expense.

Upon receipt of a parental request for an IEE, the school district shall provide the parent with information about where an IEE may be obtained and the criteria for IEEs according to N.J.A.C. 6A:14-2.5(c)3 and (c)4 and the additional criteria outlined below in this Policy:

1. Any IEE paid for with public funds shall:
 - a. Be conducted according to the provisions of N.J.A.C. 6A:14-3.4; and
 - b. Be obtained from another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or private practitioner, who is appropriately certified and/or licensed, where a license is required.
2. An independent medical evaluation may be obtained according to N.J.A.C. 6A:14-5.1(e).
3. The Board will not pay for an IEE unless it complies with the following criteria unless the parent can show that unique circumstances warrant deviation from these criteria when the parent seeks to utilize an evaluator who is not on the list provided

by the District. These criteria are the same as those used by the District in selecting evaluators for District – initiated assessments:

- a. The independent evaluator must be appropriately certified and/or licensed in the State of New Jersey. Where no certification/license exists, the parent must provide the Board with documentation that demonstrates that the evaluator has appropriate education, training and experience to perform the particular evaluation;
- b. The independent evaluator may only charge fees for educational evaluation services that, in the judgment of the Board, are reasonable in accordance with 2 below;
- c. The independent evaluator must be free from any conflict of interest (by way of illustration and not limitation, former employees of the Winslow Township School District will not meet this criterion except where the separation from employment was through retirement);
- d. The independent evaluator and members of the Child Study Team must be permitted to directly communicate and share information with each other. The independent evaluator must also agree to release the assessment information, results, and report(s) to the school district prior to receipt of payment for services and prior to or contemporaneous with the submission of the report to the parents;
- e. For any independent evaluation, whether paid for with public or private funds, the school district shall permit the evaluator to observe the pupil in the classroom or other educational setting, as applicable. The observation may not exceed two hours and the evaluator will be accompanied by a District staff person for the duration of the observation. The evaluator may not disrupt the learning process during the observation.
- f. The independent evaluator shall make at least one contact with the pupil's case manager for the purpose of

determining how the pupil is progressing in his/her current programming.

2. The maximum allowable cost for an independent evaluation will be limited to the reasonable and customary rate, as determined and approved by the Board annually. This rate shall be in the range of what it would cost the Board to provide the same type of assessment through either another public school district, educational services commission, jointure commission, a clinic or agency approved under N.J.A.C. 6A:14-5, or an appropriately certified or licensed private practitioner. The maximum fee will not simply be an average of the fees customarily charged in the area, but will be established so that it allows parents to choose from among the qualified professionals in the area while eliminating unreasonable excessive fees. This Board-approved rate shall be provided to the parent upon their request for an IEE. The Board shall not be responsible for any costs beyond the IEE, such as transportation, lodging, food, etc.
 - a. The parent may provide documentation to the Board demonstrating unique circumstances to justify an IEE that exceeds the maximum allowable cost established by the Board. If, in the Board's judgment, there is no justification for the excess cost, the Board may agree to fund the IEE up to the school district's maximum allowable cost with the parent responsible for any remaining costs. In the alternative, the Board may request a due process hearing to enforce its established maximum allowable cost.

Upon receipt of a parental request for an IEE, the school district shall take steps to ensure the IEE is provided without undue delay or not later than twenty calendar days after receipt of the parental request, the school district shall request a due process hearing in accordance with the provisions of N.J.A.C. 6A:14-2.7 et seq. to show that its evaluation is appropriate.

If a parent requests an IEE, the school district may ask the parent to explain why he or she objects to the school district's evaluation. However, the school district shall not require such an explanation and shall not delay either providing the IEE or initiating a due process hearing to defend the school district's evaluation.

PROGRAM

Independent Educational Evaluations

Any IEE submitted to the district, including an IEE obtained by the parent at private expense, shall be considered in making decisions regarding special education and related services.

If an Administrative Law Judge orders that an IEE be conducted, the IEE shall be obtained by the district in accordance with the decision or Order of the Administrative Law Judge, and the Board of Education shall pay the cost of the IEE in accordance with the provisions of this Policy.

A parent is entitled to only one IEE paid for by the Board each time the school district conducts an evaluation with which the parent disagrees.
