

7250 SCHOOL AND FACILITY NAMES

The Winslow Township Board of Education recognizes the benefits from the active participation of staff and members of the community in supporting district operations. Numerous opportunities are available for residents and staff members to share their time, talents, and skills in an effort to advance the mission of the school district. The Board of Education recognizes the commitment and dedication to public service made by individuals within the school-community.

The Winslow Township Board of Education shall have the responsibility of naming all school facilities. Facilities which may be named may include schools, offices, athletic fields, or special purpose rooms. Facility names approved by the Board of Education shall be descriptive and/or significant to the schools and the community. The Board recognizes the importance for community participation in the facility naming process.

Procedures for Naming Facilities

If the Board of Education intends to name a facility, or part thereof, the Board's intention to approve the naming of said facility shall be announced at a regular public meeting of the Board. Members of the school-community shall be invited to make recommendations for the facility name. Recommendations shall be submitted, in writing, to the School Business Administrator/Board Secretary. After ample time has been allowed for recommendations, the President of the Board of Education shall direct at his/her option that either a standing sub-committee of the Board, an ad-hoc committee, or the Board review the recommendations. If a sub-committee is assigned the task of reviewing recommendations, the sub-committee shall recommend a name to the full Board for approval.

Adopted: 14 April 2010
